Admissions

Throughout the academic year, we welcome boys and girls into our Junior and Senior Schools, confident that each student will settle into his or her new surroundings with considerable ease.

We would like students to seize the many opportunities presented to them throughout their school life. While academic success is of paramount importance, we are also looking for students who are curious about, and care for, the world they live in.

The Entry Process

Stage 1

For each prospective student, an **admissions form** (attached) must be completed by his or her parents. The school also requires the following documents:

- A current photograph of the student
- A copy of the student's most recent school report
- The student's passport (this will be photocopied and returned immediately)

Stage 2

To help ascertain the standard and suitability of each applicant, all prospective students are required to sit an **entrance test**.

Stage 3

In addition to meeting all parents, the Head of School personally **interviews** all applicants to discuss their interests and answer any questions that they may have about the school.

Parents are informed of the school's decision within two working days.

If you require further information or would like to arrange a visit to Elizabeth Moir School, please do not hesitate to contact the school.
